*Success will never be a big step in the future. Success is a small step taken just now.*

It has been an interesting trajectory, a tremendous learning of sorts for all of us as members of Inner Wheel. IWC Bombay Bayview continues to serve the larger interests of the community through worthy projects, in a spirit of friendship and fellowship. Thank you Hemangi and members for participating in all the District projects and for being an exemplary host club too when the need arose. Wishing you tremendous success in all your future endeavors.

*Friendship and Service*

Inner Wheel, Bayview are words which have become a part of my life. Friendship and service go hand in hand. Inner Wheel has given opportunity to meet so many interesting people, to forge so many newer relationships and to energize so many people to work together for a common cause for the betterment of the society. I am extremely grateful for this and look forward to my next step into the world of Inner Wheel.

*Open your mind. Start reading. You have a Pulitzer in every category right inside you.*

Every page in the book of life identifies with a host of emotions. But when these emotions turn rebellious or withdrawn, it shakes our mental equilibrium forcing us to seek therapy. 'The District Urban Project on Emotional Health' has helped a number of people find emotional stability. With significant remedial intervention, patients are encouraged to kill their monsters, bringing closure to their mental trauma. Guided by DC Falguni P Mehta and Project Chairman PDC Lata Palekar, my co-coordinator Asha Singh and I worked on the project. A distinctive experience, I now sincerely appreciate 'balance' in totality. Harmony of the mind and body is the most essential ingredient for a happy and peaceful existence.
