INNER WHEEL CLUB OF BOMBAY BAYVIEW

IIW Theme (2018 - 19)

Since the moment I had accepted the challenge of being President of one of the most dynamic clubs in Mumbai, I had experienced mixed emotions. The excitement of the impending adventure was usually interlaced with a distinct awareness of the responsibility that came with the title.

Effective leadership is only 50% individual competence and ability. The rest is a combination of teamwork and opportunity. We all know that - Alone we can do little; together we can do so much.

For the past 7 years, the Past Presidents in the club have adroitly managed this formula. And thankfully with the assistance of very enthusiastic members, I have managed to lead Bayview to yet another year of fulfillment and acclaim.

As the Inner Wheel year ends, I wish to say that it was a great experience. I had silently prayed to the Lord, reminding him to prepare me to serve, whenever or wherever there is a need, ensuring that my abilities as a privileged woman are not wasted.

Working for a Cause and not Applause, we realize that we cannot help everyone, but everyone can help someone.

This is what I believed and learnt in leading this wonderful Bayview Inner Wheel family.

*Guzar Jaate hain... Khoobsoorat Lamhe... yu hi Musafiron ki tarah...  
Yaadein wahi khadi rah jaati hain... ruke rasto ki tarah*

The year has gone by - taking with me only lovely memories .

**Tejal Damani : Club President 2018-19**

Do what you can to show you care about other people, and you will make our world a better place –  
Rosalynn Carter

As Inner Wheel Members, we serve our neighbours and the society in many different ways. From helping a child learn, to easing the loneliness of those without a family, we serve the community in whatever way we can. It is in this spirit of dedication to others, that we have worked from the time we joined this wonderful Organisation.

Inner Wheel Club of Bombay Bayview right from its inception in 2012, has carved a niche for themselves by working commendably in the society at large. The donation of an ambulance to Dayanand Hospital in

the Tribal Village in Talasari needs a special mention. The investment of time and resources in the right place at the right time plays a very important role.

President Tejal has provided the right direction to her team, to enable them to gather information and together they have executed the right projects and have done justice to resources from benevolent donors.

By helping others, we give something back to the society that we are living in.

When we get out of our comfort zone, we discover that while our service improves the lives and the world around us, we are also enriched and new meaning is brought to our own life.

One more project that touched me was your outing to Hanging Garden with the children of sex workers. It is said, "Gestures, in love, are incomparably more attractive, effective and valuable than words."

Do not wait for opportunities to serve. Go out and make some good things happen, you will fill the community with hope, in return you will fill yourself with satisfaction. In the words of Ralph Waldo Emerson –

"The purpose of life is not to be just happy. It is to be useful, to be honourable, to be compassionate, to have it some difference that you have lived well" I wish all the members a very healthy and happy times to come and the incoming team a very fruitful year.

**"Caring has the gift of making the ordinary special."**

President Tejal and members in IWC  
Bombay Bayview

Thank you very much for giving me this opportunity to communicate with you all through this club bulletin.

I congratulate dear Tejal and her team for doing real meaningful work throughout the year. I could see glimpses of it when I attended your installation. Hope you have been enjoying this year and motivated to do still more. It is a time for you to celebrate the culmination of successful year with joy and pride as your club has made a special place for itself in the District.

Dear President Tejal and Friends,

Applauding one more successful Inner Wheel year in our Bayview files!!!

At IWCBB this year, under the dynamic leadership of President Tejal and her team we have overseen some of the most wonderful projects and innovative fun filled fellowships.

Inner Wheel is a unique platform not only for meaningful contribution to society but also for conducting itself in an amazingly entertaining way: forging lifelong relationships on the way.

As District 314 ISO, it has been a wonderful and enriching journey.

Though only 8 years old, your club is rising qualitatively and quantitatively with consistency and dedication. Credit definitely goes to your wonderful group of enthusiastic and dedicated members. But remember, success is not hereditary. If you maintain the continuity and consistency, you will always keep the flag of Inner Wheel flying high.

Mita Sheth - the shining star of your club is doing wonderful job as the District ISO. I am sure your support will make her journey in District a smooth one.

Now I look forward for same support and involvement of your club during my installation as Association President 2020-21 in Mumbai in June 2020.

My best wishes to incoming team which I am sure will continue the same good work in coming year.

May Trials keep you strong

May Achievements keep you humble

May Success keep you glowing

And May GOD and Inner Wheel keep you going!

Yours in Inner Wheel

**Vasudhaa Chandrachud**

**Association Vice President Elect 2019-20**

My role involved bringing together the Clubs, in friendship and fellowship, to foster cultural understanding and social development. The highlight of my tenure was the ISO Project – BHARAT KE VEER, where we reached out to the families of Indian soldiers who fight tirelessly to keep us safe and secure. We collected **Rs.31 lacs** and have provided monetary assistance to the families of eight Jawans. Simultaneously, we have also contributed towards the corpus fund. **63** clubs joined hands to make this project a success.

I take this opportunity to thank each and every member of IWCBB for her confidence and support, which has given me the chance to strengthen and realize my journey with Inner Wheel.

Wishing Incoming President Ritu and her team all the very best!!!
